

Aladdin Sonni

SENIOR FRONT-END DEVELOPER

+218 91 1999696 | aladdin.sonni@gmail.com | Tripoli, Libya | LinkedIn.com/in/aladdin-sonni | https://aladdin.ly

PROFILE SUMMARY

After graduating with a bachelor's degree in Computer Science, I pursued my passion for programming. I enrolled online in a coding boot camp and learned full-stack web development. My favorite part of programming is the problem-solving aspect. I love the feeling of finally figuring out a solution to a problem. My core stack is Vue, React, Next.js, Node.js, MySQL, and MongoDB. I am also familiar with TypeScript and Prisma ORM. I am always looking to learn new technologies.

When I'm not coding, I enjoy playing video games and watching movies, and series, I also enjoy learning new things.

WORK EXPERIENCE

LEAD WEB DEVELOPER (Full-Time)

Almadar Aljadid Company | Tripoli, Libya | Mar 2020 - Present

- Design and develop a Manage Employee System (MES) mobile application for employees.
- Design and develop MES Dashboard for managing the MES mobile application.
- Design and develop a Notification Hub System for sending various notify such as (SMS, E-Mail, & Notifications).
- Design and develop a Site Monetization System.
- Develop and improve the company's internal systems.

FRONT-END DEVELOPER (Contract)

United Nation Volunteers | Tripoli, Libya | Nov 2020 - Jul 2021

- I have collaborated in building the UNDP mapping dashboard. This tool helps country office staff keep their most updated activities and data in one place and demonstrates and draws insights and statistics. We built this tool using Mapbox, ArcGIS, and open-source technologies like Node.js, Vue & MongoDB.

LEAD FRONT-END DEVELOPER (Full-Time)

Libayn Spider Company | Tripoli, Libay | Jan 2019 - Feb 2020

- Implement UI development principles to ensure that the product client-side serves at scale.
- Review and optimize the app usage by monitoring key metrics and rectifying the issues proactively.
- Help back-end developers with coding and troubleshooting.
- Stay up-to-date on emerging technologies.

WEB DEVELOPER (Full-Time)

HNEC | Tripoli, Libya | Jul 2016 - Jan 2019

- Helping the Libyan Government ensure a peaceful election.
- Supervised in rebuilding the Voter Registration System.
- Helped install and maintain most of the electoral tools.
- Helped in the development area, where I've collaborated on some Github & Bitbucket projects (bug fixing, unit testing, code reviewing, etc).

WEB DEVELOPER (Full-Time)

Libyan Civil Aviation Authority | Tripoli, Libya | Dec 2015 - Jun 2016

- Design and develop the website of the authority using WordPress.
